EMPLOYMENT HISTORY

Software Developer
Injozi Digital | Jan 2023 - Present, Remote
Responsible for turning wireframes and mock-ups into reusable code and building high-quality UI components, and scalability. Develop features with web development best practices.

Collaborate with teams and stakeholders across the organization to discuss the needs, design, and functionality of the project. Debug errors, troubleshoot issues, and perform routine performance optimizations.

Frontend Developer
Platform45 | Nov 2021 - Oct 2022
Helped my team develop high-quality software.
Built beautifully designed digital products for both international and local clients, optimized UI/UX processes, and accessible across a broad range of platforms.

Identified areas for modification in existing programs and subsequently developed these modifications, consulted and worked closely with cross-functional teams to gather requirements.

EDUCATION HISTORY

CS50 | Harvard University | May 2019
CodeX - Software Engineering Studies | Feb 2017 - Jan 2018
Together Technologies Bootcamp - Web Development | South Africa - 2016
CPUT | Cape Town South Africa - Civil Engineering | 2014 - Dropout
